

Pick-up & Recycling order form

Professional Electrical & Electronic Equipment (EEE)

Germany

In case of any deviation from equipment data/quantity specified in this order form during pick up by the transport company, the transport person reserves the right to refuse the pickup of these appliances. If the pickup person takes the equipment specified here to the recycling centre and it does not meet condition described, your company accepts any additional costs incurred for (return) transport and/or recycling this equipment at a recycling centre.

Our Service company will contact you in order to set a pickup date and time.

Mandatory Pickup conditions:

Equipment shall be prepared and ready for pickup, on the ground floor, packed or on a pallet.

WEEE category	Product name	Brand	Product ID/ Serial number	Pollutant (cooling agent, toners, cartridges ...)	Quantity (units)	Total Weight (kg)

Preparation for transport: Carboard, pallet, other...

Important Notes

Next steps

1. Delete all personal data on the electrical or electronic device(s)
2. Remove used batteries and accumulators that are not included in WEEE, as well as lamps that can be removed from WEEE without damaging them.
3. Pack and prepare the device(s) for collection.
4. ATTENTION: If the packaging of the unit(s) is not possible due to the dimensions, please inform us under "Important notes".
5. To return one of our used B2B devices, please use this form and send it to service.inverter@fujielectric-europe.com filled out completely and carefully, with the subject "WEEE B2B take-back for Fuji Electric Europe GmbH".

Please note that a collection can only take place if all details are entered completely and correctly.

With this take-back, Fuji Electric Europe GmbH fulfils its obligations as a producer in Germany according to § 19 Paragraph 1 ElektroG.
